

503 Members Total Is Reached By PTA Group In Pahokee

The 500 membership goal of the Pahokee Parent-Teacher Association has been reached and the PTA membership is now 503, according to an announcement made by Carl A. Moberg, PTA president, in a talk before Pahokee Lions at their Tuesday luncheon meeting. The Lions responded to this announcement with a warm round of applause. The speaker thanked the Lions and members of other civic organizations who assisted Duncan Padgett, PTA membership chairman, and his committee in the membership drive. He also gave high praise to PTA as an organization that has as one of its chief aims the nurturing of the ideals of American democracy.

It was learned at the meeting that the request of local citizens to have the Pahokee Migratory Labor Camp reconverted into a white labor camp had met with refusal in Washington. The determined Lions, well aware of the serious housing shortage for white migrant labor, refused to take no for an answer and decided to redouble their efforts to get the camp changed.

M. I. Keen, Lions representative on the civic club planning committee which has been organized to draw up a new zoning code for the community and submit it to the City Council for approval, gave a preliminary report on the work of the committee.

T-Sgt. Alvin Armstrong, U. S. Army Air Corps, was introduced as a guest and spoke briefly.

South Bay Seeks Bids On Town Hall

Members of the council of the Town of South Bay, seeking bids on a new town hall and jail, met last Thursday night anticipating a few bids on the proposed new construction. But, there were no bids and the advertisement seeking bids was ordered inserted four more times with the bid acceptance time set for Nov. 15.

Several reasons were suggested for the town not receiving any bids, chief among them being the scarcity of material and shortage of carpenters. Councilmen are of the opinion that things will ease up within the next month and that several bids will be forthcoming.

SPIDER IN LEHAVRE

Capt. Spider Lindrose is in Le Havre, France, according to word received here by his parents. Spider is anticipating a long visit in Pahokee soon. In other words he is looking forward to that much-sought discharge.

Have you heard about or have you seen the new "Honorable Discharge Service Flag"? It is authorized by the War Department for the home or office. This beautiful discharge flag has a red border, gold eagle and blue ring made of celanese taffeta, size 8 inches by 12 inches, sun-proof and will not fade. It has gold tassel and fringe, ready for display. You can see this newest kind of service flag on display in the window of The Everglades News in Canal Point. The flags sell for \$1.00 each. We have a limited number of the. Better get yours today.

Fire Ruins Personal Property of Sheppards

Mrs. Elizabeth Sheppard suffered a severe loss of personal property when her residence on East Main Street caught on fire Monday afternoon while she was shopping at a nearby neighborhood store. The Pahokee Fire Department rushed to the scene but by the time the fire was out practically all of the furniture and personal belongings of the Sheppard family was lost or badly damaged by water. An exploding oil stove evidently started the blaze, according to Fire Chief Marvin Levins. Mrs. Sheppard's husband, Harry Sheppard, is in the service.

REPAIR WORK

Old Bill's Place in Pahokee is having its face lifted this week. Owner of the building, Grover Inlow of Orlando, has had the entire front end torn out for remodeling which will probably require a few weeks to complete.

Council Changes Meeting Nights

The Pahokee City Council Monday night voted to change the dates of its regular meetings from Friday nights to the second and fourth Tuesday nights of each month. The meetings will be opened as usual at 8 p. m.

Mayor O. B. McClure was instructed to contact the U. S. Engineering Department and request that the Engineers clean out and deepen the toe ditch at the foot of the Lake Okeechobee levee which has overflowed and flooded many adjoining residential lots within the city limits "since the lake rose to its present '17-foot level."

W. A. Keen, Thadd Whidden and Vic Geiger were appointed on a committee to meet with City Clerk W. P. Walker and formulate a plan to finance an engineering service which is to include a survey and cost estimate for a proposed modern sewerage system for Pahokee.

Youth Center Is Becoming Popular

The Youth Center in the high school gymnasium is becoming increasingly popular as a place of recreation for the young people of the community. The Center features an after-the-game football dance on Friday nights and dancing is also enjoyed by the "teen-agers" on Saturday night. Activities at the Youth Center are under the direction of Charles Brown, city recreation supervisor.

Governor To Speak At RDB Meeting

Governor Caldwell will be the guest speaker tonight at the annual membership dinner of the Palm Beach County Resources Development Board to be held at the George Washington hotel in West Palm Beach. The Governor met this morning with a group interested in Everglades drainage in a meeting at Clewiston.

P. P. deMoya, president of RDB, said that all tickets for the dinner had been sold by the middle of the week. Great interest has been shown in the governor's visit.

PALM SERVICE PUMPS GET NEW COAT PAINT

Gasoline service pumps at the Palm Service Station received a new coat of paint this week which brightens up the popular spot in the center of Pahokee.

36 Face Mayor In Pahokee Court On Monday Morning

Albert Gant, chief of police in Pahokee, reported this week that 36 traffic violators faced the mayor on Monday morning. Included in the various charges were: no tail light, one-eyed cars, parking wrong in marked areas, speeding and drunkenness. Fines ranged from \$15 to \$25.50 and the city treasury was well replenished when the session of court was over.

The police department is enforcing traffic laws in Pahokee and passing out tickets right and left. For several months motorists have been warned and tickets passed out merely to put them on guard—now the force means business and the fines are the result.

Transport trucks coming to the Sanders filling station in Pahokee have been blocked off several times by cars parked in all sorts of spots around the station. Cars parked there now are being decorated with nice new shiny red tags and are followed by a stiff fine.

New Ice Plant For Town Of Belle Glade

Preliminary work was begun this week for the erection of a large ice and precooling plant for the City Ice and Fuel Co. at Belle Glade.

The Florida East Coast Railway is laying a spur track to the site of the plant. The plant will have a 100 ton capacity and the largest storage space in the Glades section. Bunker machinery for icing cars will be installed. The company's new ice and storage plant under construction in Lake Harbor is nearing completion.

Devils Meet Tiger Crew From Cocoa In Game Tonight

Alley and Brown's Pahokee Blue Devils are all primed and set for a try at their third consecutive victory in a game with the Cocoa Tigers on Lair Field in Pahokee tonight, starting at 8:15 p. m. The visitors will be out to avenge the 33 to 25 defeat meted out to them by the Blue Devils last year and it is certain they will put up a scrap well worth seeing.

A surprising number of fans braved threatening rain clouds to see Pahokee down the Okeechobee Catfish, 32 to 0, on soggy Lair Field Thursday night of last week. They came because the Blue Devils are very interesting to watch in action this year. Starting from scratch, with few lettermen left over from last year's team, Coach Clyde Alley and his assistant, Charles Brown, have developed a team in which the blockers block, the tacklers tackle without horse collaring and ball carriers are quick on the get away. Every man on the team, including the substitutes, is on his toes every minute of the game, consequently the team has had great success this season "so far in blocking, punts, intercepting passes and recovering fumbles. Alley and Brown say it not yet is a great team but it surely is giving the fans what they want—lots of action.

In the second play of the Okeechobee game Wilton Giddens, big Blue Devil left tackle recovered a Catfish fumble on the Okeechobee 29 and from there Fullback (Continued on Page 5)

Big Boy Planning To Start New Building

Big Boy Giddens is planning for an early start on the new two-story building to be erected in Pahokee on the lot immediately north of E. Elliott's Ford place. It will be 46x126 with the first floor to be used for a furniture store and the second floor will contain eight nice office rooms.

The buildings on the site now will be moved. Tyler Jackson has bought the beauty parlor building and will move it to a lot on Bacon Point road. Dr. Armstrong has bought the little house now occupied by Mrs. Weathers and will move it onto a lot on Bacon Point road. The big house on the property will be remodeled and moved over to face second avenue while the sandwich shop will be moved to the spot where the beauty shop is now located.

Big Boy hopes to get construction under way not later than Nov. 20.

Crop Survey Shows 23,663 Acres Beans

The Agricultural Extension Service completed a survey on Wednesday of this week and arrived at definite acreage figures as they pertain to crops planted for proposed harvest by Jan. 1, 1946. Below are actual acreage figures as they were obtained from growers in the Lake Okeechobee Region:

Beans	23,663
Potatoes	5,530
Celery	4,820
Cabbage	6,000

The potato acreage given above is not to be confused with whatever acreage will be planted next spring. The 5,530 acres already in the ground will be harvested soon after Christmas.

Sims Family Called To Georgia Monday

Mr. and Mrs. G. Lawton Sims and daughters, Jane and Louise, and son, Buddy, were called to Richland, Ga., on Monday on account of the sudden death of Mrs. Sims' father, Edward Alston. Funeral services were held Wednesday morning at the Baptist church in Richland and burial was in the church cemetery. Dave and Roy Alston of Clewiston are sons of the deceased. Other relatives live in Georgia and North Carolina.

War Fund Drive In Pahokee, Canal Pt.

During the month of October Pahokee and Canal Point will make an effort to raise their assigned quotas in the War Fund Drive. In Canal Point John Harrington and Harold Rosenberg are co-chairmen and in Pahokee the honor has been conferred upon the mayor—O. B. McClure who will head the campaign there.

The quota for Canal Point has been set at \$2,000 and the Pahokee quota is \$2,500.00. Chairmen are hoping that widespread publicity will be given the two drives and that little time will be lost in meeting the quotas.

LOSES FINGER IN ACCIDENT

Bill Peeples in Pahokee lost a finger while cranking a tractor Sunday afternoon. It was the middle finger on his left hand. Bill said it was carelessness and that he should have used the crank instead of trying to crank the tractor by using the belt.

Domestic Labor Is Plentiful As Usual This Year

Before the recent hurricane a great deal of talk was heard about a shortage of labor for the coming harvest season. Since the big blow little has been heard on any side because of a drastic reduction in acreage of early fall crops.

A check with H. L. Speer this week shows that there has been the usual return of domestic laborers to this section of Florida. Camp Everglades is about half full of domestic help and Camp Okeechobee at Belle Glade is filled to capacity, Mr. Speer said.

The amount of Bahamian help to be brought and kept in this area this season will depend entirely upon the actual need displayed for such help, it was pointed out by Mr. Speer. At this time it looks like there will be as many or maybe more Bahamians available as there were last year.

Slater Brewton, recently returned from the army, will be in charge of assigning and checking Bahamians at Camp Pahokee this season. Mr. Brewton succeeds L. V. McClellan, who served in the same capacity last year but who is now in charge of the Veteran's Bureau at the city hall in Pahokee.

Growers who are going to need Bahamians are urged to get in touch with Mr. Brewton at Camp Pahokee or call Mr. Speer at Belle Glade 285.

To Honor Boys Who Died In Service

Boys who graduated from Pahokee high school and made the supreme sacrifice for their country will be honored by a plaque in the library, according to an announcement by library officials. In order that no boy will be left off the list Mrs. J. F. Colson is anxious that relatives get in touch with her if their son is a graduate and died in the line of duty.

The list so far of boys to be honored is as follows: W. A. Howell, Jr., William Baker, Jr., O. Ross Bleech, Jr., Elisha Coleman, Hubert Geiger and Albert Lane.

It'll Cost You 100 Round Men To Pass Stopped School Bus

The sheriff's department informs this newspaper that it will take a \$100 bond for any motorist who passes a school bus while the stop signal is being displayed. Last week we said something about the fine being \$50—but, the sheriff's department says that it ain't enough. The youngsters must be protected and in order to make the motorists remember that the little signs extending from the school buses mean what they say, the department is assessing an even hundred round men for the violation. Of course, if you have an extra century note that's not working—go ahead and pass a school bus when the stop signal is out.

WRECKING OLD THEATRE

O. L. Flynn has a crew of men wrecking the old theatre in Pahokee this week. Mr. Flynn said he had been given the building by the Prince Theatre owners to clear the lot. He expects to get enough good lumber out of the old structure to frame a house he plans to build between Pahokee and Canal Point.

More Freedom For Business

More freedom for American business, a plea eloquently emphasized by former-Governor Broughton of North Carolina at Lakeland's annual chamber of commerce dinner, is a plea that is being heard with great frequency as American business moves away from the war period.

For several years, American business watched with increasing anxiety as Washington imposed more and more restrictions that taxed initiative unduly. It is now becoming clear to many in Washington that the encroachments upon business did much to bring about dislocations in business which outweighed the good of federal welfare. But there has not yet been much done in Washington to reduce the severity of the restriction. Business has a right to expect that more positive steps will be taken soon to relax the controls, some of which were indispensable in time of war but cannot be validly defended now.

It should not be feared in Washington that reasonable relaxation would bring on monopolistic business. True, Americans have a burning ambition to make as much money as possible, but there will always be basic federal regulations to keep the too avaricious from exploiting and monopolizing too far beyond the bounds of fairness. Also, more freedom for business would, in the long run, help to offset communistic influences inspired by what they conceive to be the soviet philosophy, for good business under reasonable controls is good for the general welfare.—Lakeland Ledger.

BRAHMA IS BEST

OCALA, Oct. 18. — (FNS) — Speaking before the Rotary Club here last week, T. J. Durrance, Jr., well known cattle raiser of Brighton, quoted U. S. Department of Agriculture statistics to show why the Brahman breed of cattle is best in Florida. He said experiments reveal that this breed withstands the heat better than other types, puts on more meat and dresses out a higher percentage of beef. He predicted a great future for Florida as a cattle-raising

state and said that the industry today was only an infant compared to what it will be twenty years from now.

TALLAHASSEE, Oct. 18. — (FNS) — William R. Reinhardt, former city ticket agent for the Seaboard Airline Railway at Tallahassee, has been advanced to the post of traveling passenger agent for the Tallahassee territory. He succeeds Floyd Bradley who resigned recently to become secretary of the State R.R. Commission.

EXCHANGES

Governor Millard Caldwell has honored Palm Beach County by the appointment of James A. Ball of Belle Glade, as a member of the State Advertising Commission. Mr. Ball is thoroughly capable of ably representing this part of Florida on that important body. Long a leading grower in the Glades, he is in every way qualified to speak for the vegetable industry, as well as for the State as a whole.

In his new position, Mr. Ball will help direct the expenditure of the \$500,000 annual State advertising fund appropriated by the 1945 legislature. The men who make up the commission have a great responsibility. Half a million dollars isn't chicken feed, even in these days of astronomical public expenditures.

With that sum at its disposal the commission should be able to present the story of Florida's many advantages and attractions to the Nation in a more forcible way than has ever been done before.

But that isn't all. When the time is ripe numerous localities throughout the State will be ready to launch publicity campaigns of their own with funds accumulated for that purpose.

In consequence the \$500,000 State fund will by no means represent Florida's annual publicity investment during the first post-war years. It should total several times that amount, and if used judiciously, should prove to be an investment that the public will continue to approve indefinitely.—Palm Beach Times.

EDITORIAL

When our cheer leaders come out in flying colors, they bring with them a wonderful football spirit, which through their yells is caught up by the whole cheering section.

But last Thursday night, the cheer leaders were not in a "good mood" with each other. How can they keep others in a good spirit when they themselves are not? Last year, I have been told, the cheer leaders were constantly

arguing among themselves and, at times would hardly speak to each other. Whether or not this is true, I don't know, but I saw the disagreement last Thursday. What about it, cheer leaders? You don't need to be jealous of each other; you all have what it takes. And it takes all of you to make a good show. How can you make a good show if you're jealous of one another? Remember, Betty Wetherington and Marie Johnson are the captains this year. Let's try to do better next time.

JUNIORS 1945-46

The junior class this semester hopes to accomplish much under the leadership of our sponsors, Mr. Lampi and Mrs. Mock. Our Class officers are as follows: President—Harry Fremd; Vice President—Bill Elam; Secretary—Betty Ann Sears; Treasurer—Peggy Moberg and Reporter—Ann O'Connell.

MANY SCHOOL CLUBS

What would campus life be without school clubs? The Spanish students have their Pan-American club; the Latin classes their Junior Classical League; agricul-

tural students a chapter of the Future Farmers of America; the Home Economics students a Home Economics club. The seniors initiated a Press Club open to students of the high school with the purpose of publishing school news. By student request, a Dramatic club has been added this year to the club roster of the school. Faculty sponsors assist the students in planning study and social activities.

WHAT IF . . .

Ray was an owl instead of a Hawk?
 Barbara was green instead of Brown?
 John was a wall fence instead of a Picket?
 Betty Jeanne was a woodpile instead of a Woodyard?
 Imogene was just a puff instead of a Hough?
 Harlan was a Montgomery (ward) instead of a Sears (and Roebuck)?
 J. E. was a forker instead of a Spooner?
 Kyle was a shoefield instead of a Hatfield?
 Mary Helen was the fish instead of the Hooks?
 Gene was a cod fish instead of a Herring?
 Lynn was a runner instead of a Walker?

THE LIBRARY

The Students of Pahokee High School may be justly proud of their library. There are over 3500 volumes in the high school library which can be used either for leisure reading or reference work. The elementary library contains about 1000 copies of books for smaller children.

Mrs. Frank Colson, the librarian, has 25 students acting as her assistants during the seven periods that the library is open.

The library is constantly adding new books to its shelves to keep its contents up to date. Mrs. Colson had already received 300 new copies this year. They will soon be ready for use.

A State inspector, who visited here earlier this year, said that the Pahokee library is ranked as one of the best in the state.

"HOW DO YOU DO?"

Each week we hope to introduce to you some one of our students, either because he is a newcomer or because he is outstanding in his accomplishments.

The first person we wish you to know is a charming new member of our faculty, Mrs. Wilda P. Nason.

Mrs. Nason is the new head of our home economics department where she has activities well under way. The sewing classes have been busy keeping the football uniforms in presentable shape.

Mrs. Nason, a native of Knoxville, Tennessee, attended Delta State Teachers College where she received her B. S. She received her Master's Degree from the university of Tennessee last year.

We hope she enjoys her classes in Pahokee High.

UP OUR ALLEY

The Pahokee Blue Devils have won their second game! The team did well Thursday night, and here is hoping the spirit will be with them through the Cocoa game.

In the first quarter of the Chocbee game the Devils scored 13 points, with Geiger and Dixon doing the handy work. In the second quarter another touchdown was made by the Devils. Two more touchdowns and one extra point were scored in the third quarter. No score was made by either team in the last quarter. Final score: Pahokee 32, Okeechobee 0.

TO THE STUDENTS

So the school news department isn't really what it should be this week! Our editor agrees with you. We are enthusiastic in our venture, and we are working. Give us time to systematize our efforts and smooth our unforeseen complications, and we will be rolling like a '45 Ford.

WOMEN'S ACTIVITIES

Mrs. Abling Presents Circle Program

Mrs. Fay Abling presented a program on "Women in the Outside World" at a meeting of the Gertrude Shirley Circle, Pahokee Methodist WSCS, at the home of Mrs. Christine Elliott Monday night with Mrs. Dorothy Graham acting as co-hostess. Mrs. Lula Pope, chairman, presided at the business, and Mrs. Velva Elliott had charge of the devotional program which had as a theme, "The Open Door."

Mrs. Graham led in the playing of Halloween games. Visitors were Mrs. C. Q. Train, Mrs. H. E. Shannon, Mrs. W. P. Nason, Mrs. Alice Easley, Mrs. C. L. Shirley, Mrs. Sydney K. Smith, Jr. and Miss Lula Keen. The next meeting will be at the home of Mrs. Velva Elliott with Mrs. Fay Abling assisting.

Cinematic Chatter

By Malcolm Millar

There is another gorgeous technicolor picture to be seen at the Prince Theatre this coming Sunday-Monday. This one is "Tonight and Every Night", which combines music and drama with an effect that makes for one of the most entertaining shows seen here lately.

Heading the cast are Rita Hayworth, Janet Blair and Lee Bowman. The girls take care of the singing and dancing while Bowman makes with the romance, and he really lacks nothing in this respect.

All in all this is one of the best musical shows of the Hayworth variety and you have my recommendation to pencil it in your note book as a Must.

Ann Southern and John Hodiak come in with "Maise Goes to Reno", another in this delightful series. Ann certainly is in form in this one and furnishes a great many legitimate laughs.

On the same program comes Richard Arlen and Jane Frazee in "The Big Bonanza." Naturally we know that any picture that has Arlen as its star will be one of action, thrills and a minimum of romance.

Thursday-Friday Wallace Beery and Binny Barnes bring one of the most delightful shows this pair has done under the title "Barbary Coast Gent."

On the same program comes Pat Parrish and Jackie Moore with a bevy of "teen agers" in a piece labeled "Let's Go Steady."

Saturday Roy Rogers and Gabby Hayes come in "Lights of Old Santa Fe." I need say no more. See you at the movies—Mal.

HOME WAR

Unless returning veterans or their relatives tell the editor about items for this column it will be necessary to discontinue the column. There is no way for the editor to find about discharges unless the person affected or his relatives volunteer the information.

Edwin H. Connell, son of Mr. and Mrs. J. H. Connell of Pahokee, received his discharge from the Navy on Oct. 2, after serving nearly four years in the naval air corps. He was stationed at Corpus Christi when he was discharged. He and his wife have returned to Pahokee to make their home.

Francis W. Cross, Jr., carpenter's mate in the Seabees, received his discharge on Oct. 9 at Jacksonville, Junior, as he is familiarly known to his many friends in the Glades, lacked one day of serving three years, thirty months of which was spent in the Pacific. He was on Guadalcanal, Russell Islands, St. Matthews Islands. He was in on the Leyte campaign and came back to the states from the Island of Samar.

Arthur "Buddy" Larrimore, pharmacist's mate, first class, was discharged at Jacksonville on Oct. 6 and is at home in Pahokee for a rest before taking up his old job with the Farm Security Administration. Buddy was in the North African invasion and spent 18 months in the Caribbean. Another six months period was spent in South America. He spent three and one-half years in the service of Uncle Sam and expressed himself as "mighty glad" to be back in Pahokee.

T-Sgt. J. W. Guthrie recently received his discharge from the Army after 22 months of overseas duty in the European theater. He arrived here Saturday for a visit with relatives and will make his home in Pahokee for the present.

Second Lieutenant Thomas W. Handley was released Oct. 9, from service with the United States Army Air Forces at the Drew Field Separation Station. Lieutenant Handley is the son of Mrs. Frank Handley of Pahokee, Fla. Prior to his entering the service in August 1943 he was employed as a Crane Operator by the Brinson Construction Co. in Tampa, Fla. He was commissioned in March 1945 at Turner Field in Georgia. His wife, Mrs. Mary Handley and 22 months old son Thomas Roy Handley live in Macclenny, Fla.

DREW FIELD, TAMPA, Second Lieutenant Clarence E. Williams, 22 year old Pilot from Pahokee, Fla., was released Oct. 11 by the Army Air Forces at the Drew Field Separation Station. Lt. Williams is the son of Mrs. Ora W. Powell of Pahokee. Prior to his entrance into the service he was enrolled as a student. He served overseas in the E. T. O. with the 22nd Tac Rec. Sqd. He holds the E. T. O. ribbon and the Air Medal.

Cpl. W. A. Stevens, U. S. Marine Corps, is now a civilian after receiving his discharge recently at Cherry Point, N. C. He was in the service three years and four months, spending 17 months in the Southwest Pacific theatre where he received two campaign stars.

KIRKMAN IS BACK

Lt. Col. H. N. Kirkman of Palatka Monday resumed his duties as director of the state highway patrol after nearly five years in the army.

Bids are expected to be asked shortly for construction of the new municipal power plant and water treatment plant to be erected south of the high school building in Lake Worth.

Victory Class Has Party At The Beach

Members of the Victory Class, Pahokee Methodist Church School, enjoyed a dinner and beach party at the Lake Worth Casino on Sunday following the morning service at the church.

Those attending were Mr. and Mrs. R. J. Schroder and son, Bob C. Graham, Mrs. J. B. Cruthird, Mr. and Mrs. Lloyd Hundley and son, Johnny, Mr. and Mrs. John Burton, Mr. and Mrs. T. L. Burns and daughter, Ann Rita, Mrs. H. G. Graham, Mrs. J. B. Cruthird, Mrs. Mazella Brower, Mrs. J. W. Cruthird, Mrs. Ann Wagon and Mrs. Lewis Friend.

A MESSAGE FOR PERSONS LIVING IN RURAL AREAS

Rural telephone service is more highly developed in this country than anywhere else in the world. We are developing a wide-range program to further extend and improve service to rural dwellers in the South.

As soon as conditions permit, the necessary manpower and equipment will again be put to work on the job of expanding rural service—just as we were busily engaged in expanding this service prior to the war.

The goal is to bring the telephone to the greatest possible number of farm families.

Cpl. Lenora Santee who joined the WAC a year ago was recently promoted to the rank of sergeant, according to word received by friends here. She is now stationed at Monesta, Calif.

Mrs. Charles Brown and two sons arrived in Pahokee this week to join Mr. Brown, assistant coach. The Browns will make their home in the Ed Jensen apartment.

Ensign and Mrs. H. D. Fields, Jr., returned this week from a honeymoon spent in Miami and Tampa. They will be the guests of his parents until Monday when they leave for California where they will make their home while he is stationed there.

Mrs. W. P. Jernigan is substituting as fifth grade teacher at the Pahokee Elementary School while the regular teacher, Mrs. Charlotte Walston, is ill with the flu.

Mrs. Charles Brown and children have arrived to join Mr. Brown in making their home here. Mr. Brown is assistant coach and social studies instructor at the Pahokee High School and city recreation supervisor. They are living in one of the Jensen apartments.

Mrs. Harper Kendrick and daughter, Linda, and Thomas Elliott returned Tuesday from a business trip to Blackstone, Va.

Sgt. W. D. (Heck) Larrimore arrived in New York last Saturday, according to word received in Pahokee by his parents, Judge and Mrs. W. J. Larrimore. Heck is looking forward to discharge from the army after serving three years overseas. He will probably receive his discharge at Camp Blanding in the near future.

Mrs. H. D. Clark and son, Mark Dryden, are visiting her parents, Mr. and Mrs. Ernest Lindrose in Pahokee for several weeks. Her husband has been transferred from Smyrna, Tenn., to an air field at Kearns, Utah.

Mrs. J. C. Tabb has been ill during the past week. She has been suffering from a severe case of flu and has been unable to attend her duties at her cafe. She is considerably improved today, according to Mr. Tabb.

Word has been received from Emmitt Louper Houston, F. I. C. U. S. N., that he is now stationed about ten miles from Tokyo and that he has visited many Japanese cities. He plans to be home by Nov. 15. His ship, USS Wisconsin, made strikes on Houshu, Lyte, Luzon, Iwo Jima and other islands, and had a part in the liberation of the Philippines. He and his family plan to make Pahokee their home as soon as he is discharged. His wife and children are now making their home in DeFuniak Springs, Florida.

Training Union Scheduled Next Week In Lake Area

Baptist Churches in the Palm-Lake Association will hold a simultaneous Training Union Enlargement Campaign next week, October 21-26. Canal Point is planning a big week with workers coming in from Pensacola, Jacksonville, Okeechobee, and Pahokee. Classes are being organized for every age group over eight years old. Adults have a choice of one of three books: The Baptist Adult Union Manual which will be taught by Rev. H. G. Hayes of Oceanway Baptist Church of Jacksonville, The Junior-Intermediate Leadership Manual which will be taught by Mrs. A. J. Gross of Pensacola, or The Young People's Union Administration Manual which will be taught by Mr. Hayes (this book and the Adult Union Manual are being taught together in a combined class. Credit will be given for the book under which you register).

The Young People have a choice of two books, either the Administration Manual, as mentioned above, or Pilgrim's Progress. Pilgrim's Progress will be taught by Mrs. Mercer and the course is available to both the Young People and Intermediates. Mrs. Mercer is from Okeechobee and she teaches school in the Canal Point elementary school. Junior boys and girls will be taking the course, The Bible Heroes, taught by Mrs. Briggs whom many of us already know as the bible story teller in the schools.

All members and friends of the Church are urged and invited to attend this vital training course. Transportation will be provided from Port Mayaca, Azucar and the packing houses in Canal Point. Cars leave Port Mayaca each evening at 6:45, from Azucar at 7:00 and the packing houses at 7:15. Please be in front of your home ready to be picked up. There can be no waiting by the drivers. The course begins each night at 7:30 and closes at about 9:00 o'clock. Come and bring your children.

LICENSES INCREASE

Mrs. Kathrine Harris, manager of the Harris Insurance agency which handles sale of driver licenses in Belle Glade, reports 2,600 have been sold to date, a large increase over sales at this time last year. It is expected the total will reach 4,000 by January.

Devils Meet Tigers—

(Continued from page 1)

Thomas Dickson and Halfback James Scott carried the ball down to the 3 where Dickson's fumble was recovered on the one-yard line by the Catfish who kicked to their 22 and then Dickson and Quarterback Wilbur Geiger carried it back to the 7 where Geiger went around right end for the touchdown. Later in the same quarter Geiger caught a punt on his own 30, dodged several would-be tacklers and raced 70 yards down the right side of the field to cross the goal line. Dickson went through center for the point.

In the second quarter, after Pahokee blocked a Catfish punt and recovered on the Okeechobee 39, Geiger and Rodney Connell, substitutes for Dickson, carried the ball to the 3 where Halfback Frank Gillis went through center for the touchdown. About the middle of the quarter, after Gillis recovered on Okeechobee fumble on the Catfish 40, the second string went in and showered the Catfish with a flurry of passes that didn't click. Though a bit nervous, the second stringers didn't do so bad. During the few minutes they were in Bill Elam recovered an Okeechobee fumble. H. Connell intercepted a pass and B Boys got down as far as the five-yard line before the Catfish pushed them back.

In the third quarter Geiger made two more touchdowns, going over the goal line on the one yard line after drives of 59 and 36 yards. Geiger kicked the extra point after the final touchdown. Another touchdown in the third when Dickson lateraled from the 10 to Geiger who ran across the goal line was nullified by a Pahokee offside.

Guthrie Family Had Reunion Sunday

Mr. and Mrs. I. S. Guthrie en-

tertained Sunday at a dinner and family reunion honoring their son, J. W. Guthrie, who was recently discharged from the Army with the rank of technical sergeant after 22 months of overseas service in the European theatre. Others attending were Mr. and Mrs. W. R. Guthrie and family of Miami, Mrs. Loutie Thompson and family of Miami, Mr. and Mrs. Leon Guthrie and family of Pahokee and Marcia Jean Guthrie. All of the Guthrie children were home for the reunion except Cpl. Norwood Guthrie who was at an army camp in Augusta, Ga. He has received his discharge and is home this week.

Ennis Cafe Gets Redecorating Job

Another cafe in Canal Point has undergone a face lifting job and now is spick and span for the beginning of the season. Mr. and Mrs. Tom Ennis recently opened their rebuilt and redecorated cafe and grocery store on Lake street. Fourteen feet of floor space was added to the front of the building and new booths on the cafe side add to the roominess of the popular eating spot. The grocery store is cut off from the cafe by a nicely arranged, and attractive piece of shelving.

NAMES COMMITTEE

ORLANDO, Oct. 18.—(FNS)—Senate president, Walter W. Rose, announced this week the appointment of four new members of the Shands Legislative Committee, extension of the broad powers to investigate state government. The new members are Senators A. G. McArthur of Fernandina, Walter B. Fraser of St. Augustine, Wilbur C. King of Zolfo Springs and Carl R. Gray of Panama City.

NEW FERRY

PHILADELPHIA, Oct. 18.—(FNS)—The Gulf and Atlantic Transportation Company announced plans this week for the inauguration of an automobile and passenger ferry service between Key West and Havana.

H. G. Williams, president and general manager of the firm, said that bids are now being obtained for construction of the first fleet of ferries.

Florida Will Get 4 Naval Air Centers

JACKSONVILLE—Florida will get four of 18 naval aviation establishments to be retained in full operation in the United States, it was revealed by U. S. Johnson, manager of the Jacksonville

Chamber of Commerce, upon his return from Washington where he conferred with navy officials and members of the house naval affairs committee.

Based on his information on a report by John L. Sullivan, assistant secretary of the navy for air, to the house naval affairs committee, Johnson said that in addition

to retention of Jacksonville's expensive naval air station as a permanent base, stations in Pensacola, Miami and Banana River will remain in full operation.

LAST NIGHT...

ANOTHER
'COPY-CAT'
WAS BORN!

Poor Home lighting
tires young eyes and
helps make poor
students!

One child in five has defective vision. More than half the people over 35 have eyesight troubles! Eye-sight can be conserved... now that home work is again occupying school children at night, it is doubly important that they have proper lighting. Poor lighting can cause eyestrain... and low grades in school.

Follow these 4 simple rules:

1. Do all reading, studying, sewing, or game-playing CLOSE to a good light source, preferably a modern reading lamp.
2. Avoid glare from bare bulbs. Don't sit FACING a light. Glare strains eyes.
3. Avoid SHADOWS. Make sure you have good light directly on your book or work. SHADOWS STRAIN EYES.
4. Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

Leven Million Is County Quota In Victory Bond Drive

The Victory Loan campaign in Palm Beach county as elsewhere will be staged beginning October 29 and continuing through December 8. It is desired that it produce \$11,000,000, with \$2,000,000 in E bond sales.

The money raised will be used in bringing American men home from foreign lands for mustering-out pay, to care for the sick and wounded; to maintain the forces of occupation in Germany and Japan; to encourage thrift and keep down inflation.

It will be the 8th national bond drive, and is expected to be the last one occasioned by the wars just concluded.

The county heretofore has bought \$130,000,000 of the former bonds, or approximately \$1,300 per capita.

Officers Are Chosen For Men's Bible Class

The Pahokee Men's Bible Class, which enjoyed an average of over fifty this summer, hopes to increase this to seventy five before long. Fifty-five attended Sunday, Oct. 7. The enrollment, thanks to the addition of four, is well over the hundred mark. Plans for a banquet sometime this Fall, are in the making under the capable guidance of the newly elected 2nd

"THIS IS THE Day..."

The day we long have sought is here. Victorious in arms, America stands on the threshold of a future bright with promise and hope.

In the struggle just ended, the mighty resources of the South have been of vital importance to the nation. Now, with an unpleasant job behind us, we can all turn from the destruction of war and devote our full efforts to the building of a greater Southland. While the economic progress which we have achieved in recent years is more than heartening, the future beckons with opportunities for developments which will overshadow anything we have known in the past.

In harmony and cooperation with our friends and neighbors in the territory we are privileged to serve, Seaboard Air Line Railway will continue to work for the advancement of our common cause.

The Seaboard congratulates Florida upon 100 years of Statehood and Progress.

Do you know anything about ramie? Have you seen it after it has been processed? Decorticated if you please! If you haven't and are the least bit interested in the Glades' newest crop I suggest that you stop in Canal Point and take a look. In the building next door the restaurant on the south side of the canal you'll find a lot of ramie. It has been processed up to a certain point and is ready for shipment to northern markets. It's interesting. Have a look. It won't cost you a dime.

Anderson & Norton Open Packing House

The Everglades Produce Co., owned and operated by Frank Anderson and Forrest Norton, have reconditioned the former J. S. Aly packing house, more recently occupied by the Peet Gladiola packing plant, and have installed four of the latest type electrically driven grading belts and other equipment necessary to handle snap beans and cabbage. A storage loft for crate material, rest room facilities, an office and flood lights are other new features.

The two men have had ample experience for the successful handling of their new enterprise as they have been connected in various capacities with the packing and selling of farm produce in this area since 1937. They were first associated with the Louis Weiman Packing plant at South Bay and later with the South Bay Growers and Distributors. Last year they, together with Ed. Butler of New York, operated the South Bay Growers and Distributors which the three men had purchased from N. N. Starling. Last spring Mr. Butler bought out their interest.
